Author and Philosopher

WITH MORE TO FOLLOW...

WITH FILM CONTRIBUTIONS FROM:

Sponsored and supported by the CIPD, the Big Tent is part celebration, part reunion and part foundational milestone for the Future of Work is Human project, now a year old.

This is a chance to share the amazingly rich and deep conversations to date, test ideas and propose new ones; to meet, share and explore thinking with friends old and new. Just like the future of work, the morning will be participatory, engaging, challenging and rewarding. Keep up with the community at www.futureworkishuman.org

THE FUTURE OF WORK IS HUMAN SOCIAL CLUB
